

## **School House Rock 2012**

MAKE SURE THAT IT IS SCHOOL APPROPRIATE. RATED G (like the original School House Rock. If you have to ask, then it is not school appropriate.)

Explain one of the following in way that students will remember:

1. FANBOYS
2. FIVE LINKING VERBS
3. Pronouns are the not the same as proper nouns.
4. Using semicolons properly
5. Using coordination conjunctions properly
6. Thesis Statements and Topic Sentences
7. Comma Splices
8. Prepositions and Prepositional Phrases

You will create a video that includes an original song. The song will be very short (20-30 seconds.) Don't worry if you can't sing; I can't either. If you would like, you can get someone to sing your song for you, but you must write it.

### **Song**

Create the Song in Garage band  
Create a rough draft first (in class)

When you are ready to record, you can go to Mr. Ham's office.  
After you have finished, go to SHARE-iTunes.  
Now your song is in iTunes.

### **Video**

Create a PowerPoint. (4-7 slides)  
Save the PowerPoint as a Jpeg  
Drag the slides into iMovie  
Record yourself talking over the slides. You can do this in iMovie.  
Drag the song that you created in iTunes to iMovie.  
Go to SHARE, Export using Quick Time (This will create an Mp4).
